

# Herrman Happenings

## March

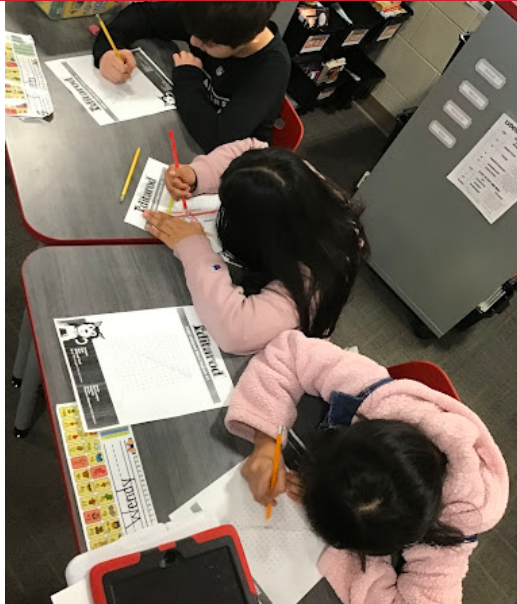

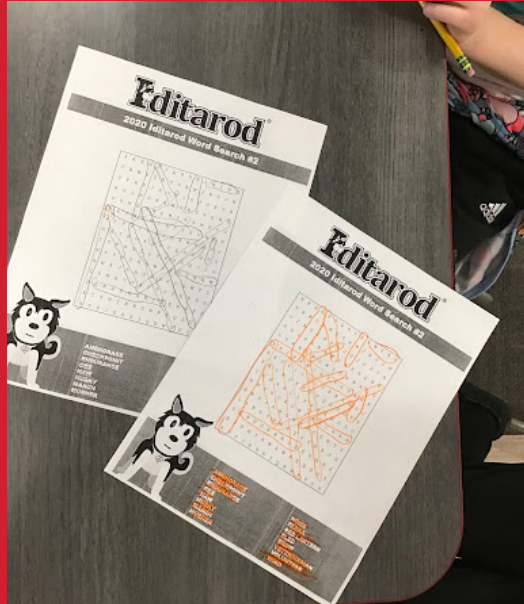

This week, the Nutrition Team celebrated National School Breakfast Week. Each day the students were provided a fun treat! We had a special guest join the excitement on Monday when Superintendent Russ came and helped serve breakfast! The kids were excited to take fun pictures, enjoyed picking out their special message banana, and indulged in a dirt cup!

*Kitchen*

4th grade has been gearing up and working hard to prepare for the Forward Tests. This begins next week Tuesday, March 21st and will continue through April 20th. 4th grade testing will consist of math, ELA, science and social studies.

*Fourth Grade*

3rd Grade is very excited to participate in Iditarod activities throughout the month of March! This week, students got to know their mushers and dogs and learned about the history of the race. We look forward to checking our standings and moving our dogs every day!

*Third Grade*

2nd graders are working on the Mystery Science Unit Material Magic. In this activity they had to engineer a hat that could shield them from the sun using only simple objects that could be found in a sack lunch.

*Second Grade*

1st Grade Celebrated Read Across America Week. Classes participated in Dress up days and special reading events such as Being "booked" By the librarians and reading with other classes/grades.

*First Grade*
