

# Herrman Happenings

## January

In the library students are reading, coding using our new platform Code Land, and creating at Makerspace stations.

LMC

4th graders in Mrs. Centeno's class created Robot Fingers. Students constructed a model of a human finger and observed how pulling on a string (a model for tendons) causes it to bend at the joints.

*Fourth Grade*

3rd graders are beginning to work on their typing skills, using the correct fingers to type letters, words, sentences, and paragraphs!

*Third Grade*

Second graders are beginning their Fairy Tale Unit in reading. The second graders in Mrs. Lejeune's class made their own troll masks to use while reading Three Billy Goats Gruff and learning about characters' feelings in the story.

*Second Grade*

First graders are back from Winter Break, and are excited to earn Spartan Way cards. They have been revisiting the PBIS expectations around the school building. They have focused on: hallway, cafeteria, bathroom, playground, and stairway expectations!

*First Grade*
