

Herrman Happenings

May

WIN kiddos have had a lot of fun this year learning different things and putting their imaginations and creativity to the test. Their all time favorite project was their Geometry Cities. They worked together as a team and came up with some really fun and neat ideas.

WIN

Fourth grade is busy researching famous people for our living wax museum on May 20th.

Fourth Grade

Students traveled to the school forest to participate in scavenger hunts, plant identification, Native American culture, and reading maps.

Third Grade

2nd grade classes are privileged to have community members visit our classrooms for Junior Achievement! Junior Achievement teaches students about financial literacy, work & career readiness, and entrepreneurship.

Second Grade

1st Grade students enjoyed a beautiful field trip to the Trane All Abilities Park in early May. It was a day full of sun, fun and friends.

First Grade
