

## HISTORY OF PSYCHOLOGY

1. Read about the history of psychology. Start at:

[http://personal.psu.edu/faculty/a/c/acp103/PSYCH105/brief\\_history.htm](http://personal.psu.edu/faculty/a/c/acp103/PSYCH105/brief_history.htm)

Record 5 things that you learned and what they mean to psychology.

2. Read about the specialties in the field of psychology:

<http://psychologydegreeguide.org/psychology-specialties-guide/>

Pick 2 specialties that appeal to you and discuss why that they do.

3. Read about different occupations that benefit from the field of psychology:

<http://careersinpsychology.org/psychology-careers>

Choose an occupation from the list and explain why it appeals to you.

4. Read about the 6 most interesting psychology experiments of all time:

<http://www.adingadventure.com/6-amazing-psychology-experiments/>

Summarize one of the infamous experiments and explain how you would have behaved.
