

Sparta Area School District  
Sparta, WI 54656

Medical Screening Exemption

Article 513 - Student Use of Alcohol, Tobacco, Other Drugs and/or  
Paraphernalia

. . . Administrators are authorized to annually measure and record the heart rate, blood pressure and pupil diameter of students. This information can be useful in assessing students for which there is reasonable suspicion of substance abuse in violation of board policy. Parents may opt their children out of this screening and must inform the school prior to October 1 of their objection. A form for opting out of the screening procedure will be available on the district website and in the high school guidance office.

Student Name \_\_\_\_\_

Freshman                       Sophomore                       Junior                       Senior

I request that my child not be included in the health screening to take place during the current school year as outlined in Board policy, Article 513.
