

Herrman *Happenings*

November

All of our students had the opportunity to explore the Kickapoo Valley Reserve. We will be returning in January and April.

WIN

Herrman coaches support new teachers with professional development after school.

Coaches

Mrs. Smalley's class made carvings out of soap to celebrate the end of the realistic fiction read aloud, "Tiger Rising", where the main character, Rob, learned to carve animals out of wood.

Fourth Grade

Third grade students performed for Herrman's first music concert! All of the students did a wonderful job singing and playing instruments for the audience.

Third Grade

2nd grade students in Mrs. Stencel's class enjoyed playing games to celebrate their hard work following the Spartan Way.

Second Grade

1st grade students wrote letters to veterans. Students shared their work during an all-school assembly to honor the veterans in our community. The students did a great job speaking in front of the entire school building!

First Grade
