

# Herrman Happenings

## February

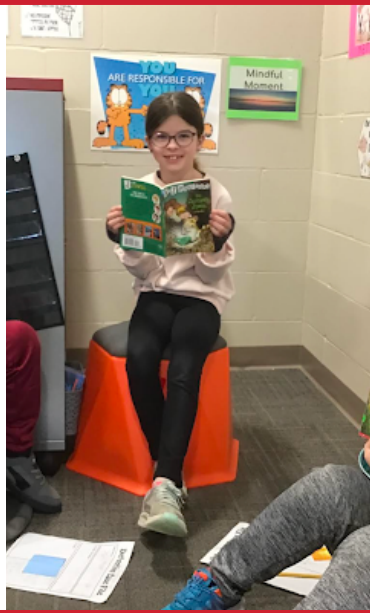

It's heart health month. We put up all the sweethearts here at Herrman. The kids really enjoy looking for their heart and helping their friends find theirs. We plan to attend PE to have the students listen to their own heart.

*Health Aides*

Mrs. Anderson's class worked together to complete the 100th Day Math Challenge!

*Fourth Grade*

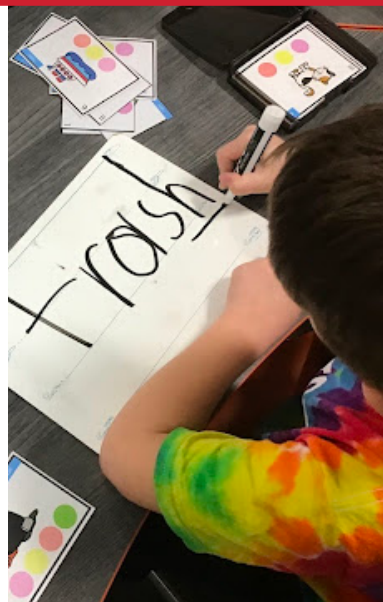

Third graders have been learning how to read mystery books. We have learned about crime solvers, suspects, clues, evidence and motives. Students in Mrs. Strittmater's class enjoyed mystery books clubs by working together to solve the case!

*Third Grade*

Students in second grade that had perfect attendance celebrated with a pizza party and STEM recess. Congrats Students!

*Second Grade*

1st grade has been working hard this month on decoding and encoding words with digraphs, blends, r-controlled vowels, vowel teams, glued sounds, and other irregular spelling patterns.

*First Grade*
